

To add your COVID-19 digital certificate to the Service Victoria app, you'll need to be fully vaccinated against COVID-19 and have the latest version of the Service Victoria app installed on your phone.

You will also need a myGov account linked to your Medicare online account.

1. Open the Service Victoria app and click on 'Add certificate via myGov'. If you don't want to add your COVID-19 digital certificate right now, you can tap 'Close' and add it another time.
